ORACLE DB COMPETENCY CENTER AT SOFTWARE PARK (BY A-HOST)

Training Class List for Oracle Technology

- Database :
 - Oracle9i installation and Administration on Linux
 - Oracle9i Database for Developer
 - Oracle9i New Features (i.e. Flashback, Log Miner etc)
 - Oracle9i Real Application Cluster on Linux
 - Oracle Data Guard
 - Oracle Partitioning
- Security :
 - Oracle Advanced Security
 - Oracle Label Security
 - Virtual Private Database

Training Class List for Oracle Technology

- Business Intelligence :
 - OLAP (Oracle9i OLAP Services API Fundamentals)
 - Data Warehouse Design Tips
 - Oracle9i Warehouse Builder
 - Oracle Data Mining
- Content Management :
 - Oracle interMedia
 - Oracle Text
 - Oracle Ultra Search

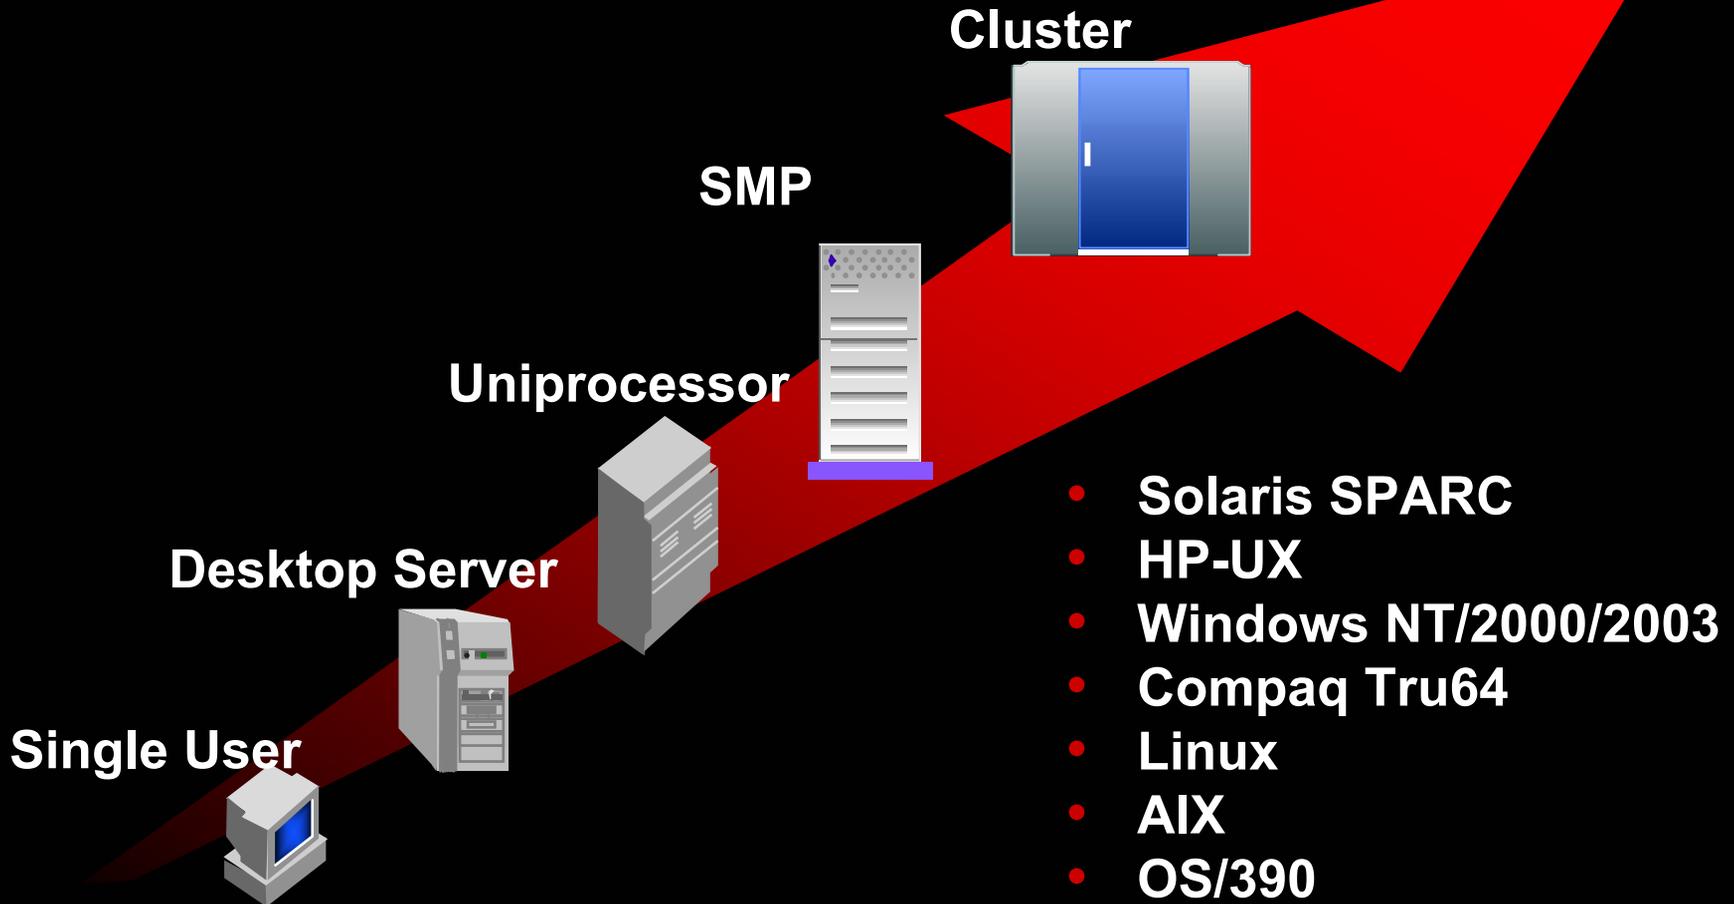

Training Class List for Oracle Technology

- Application Server and Java:
 - Oracle9i AS Administration
 - Oracle9i AS: Deploy J2EE Applications
 - WEB & Java Technology Oracle9iAS Portal
 - Java Programming (using jDeveloper)
 - Oracle9i : Access the Database with Java and JDBC
 - Oracle9i : Create Servlets & Java Server Pages
 - Oracle9i JDeveloper : Develop Application with BC4J
 - Oracle9i : XML Fundamentals for Developers

Training Class List for Oracle Technology

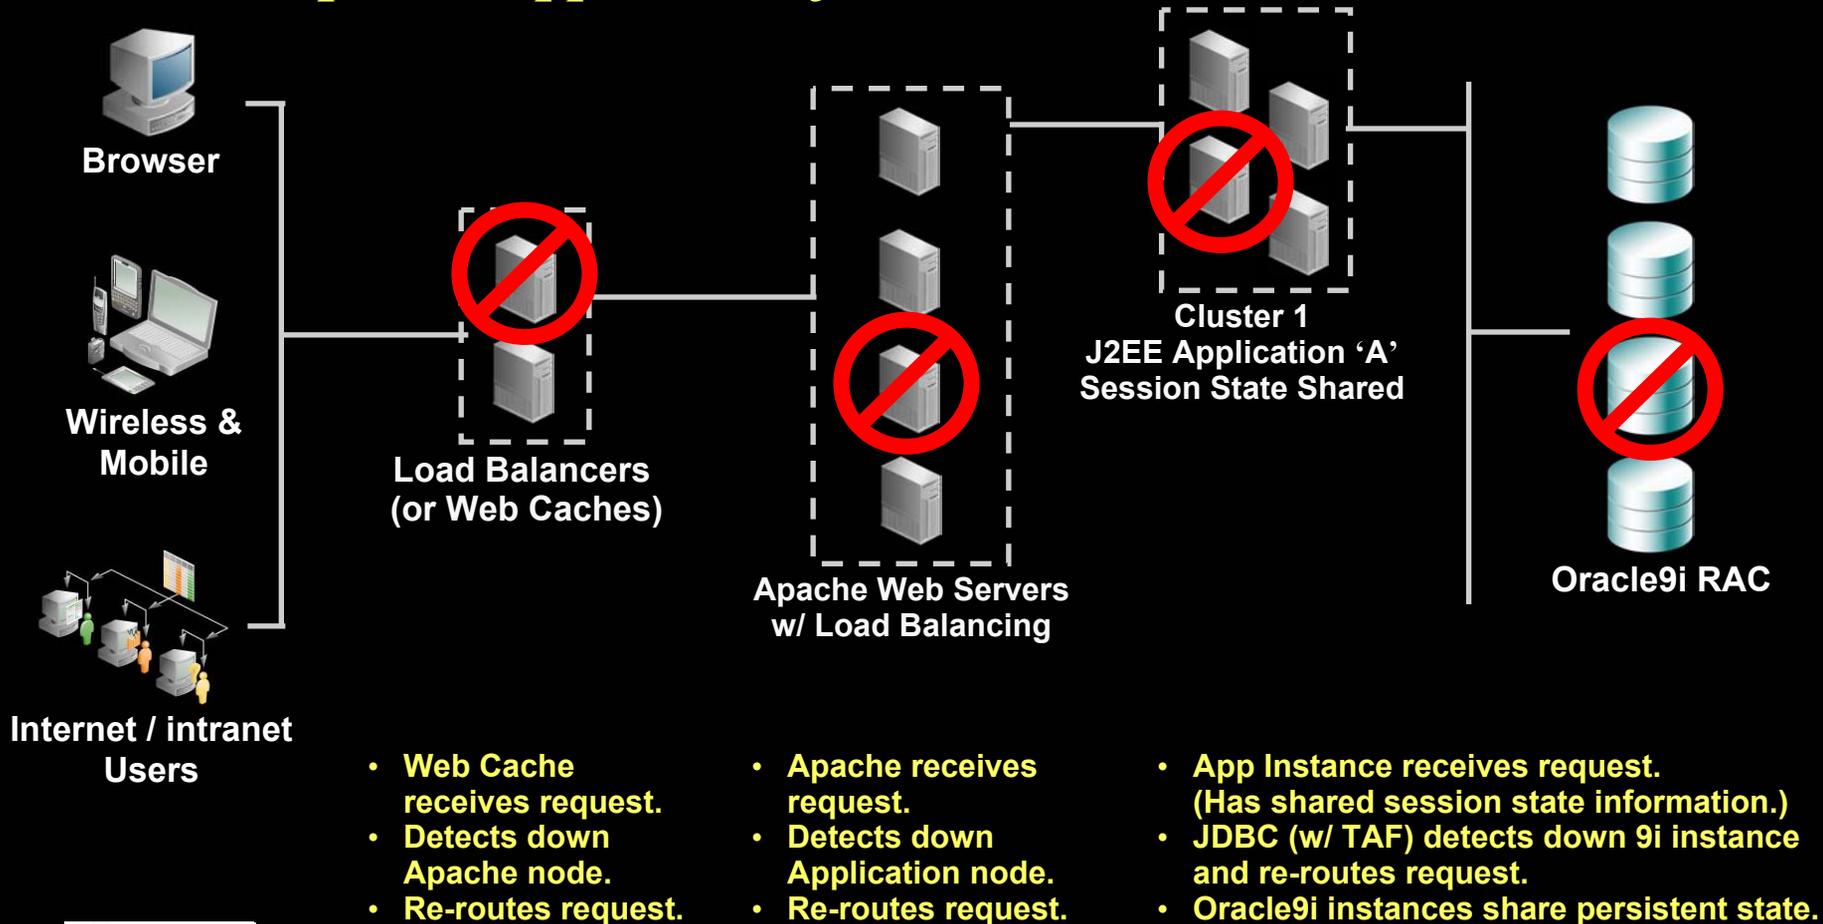

- Others:
 - Oracle10g
 - Migration to Oracle
 - Oracle Collaboration Suite (OCS)

Develop Once, Deploy Anywhere

Scalability & High Availability

Clustered App and Data Servers with no single point of failure and transparent application failover

Clusters Change IT Economics

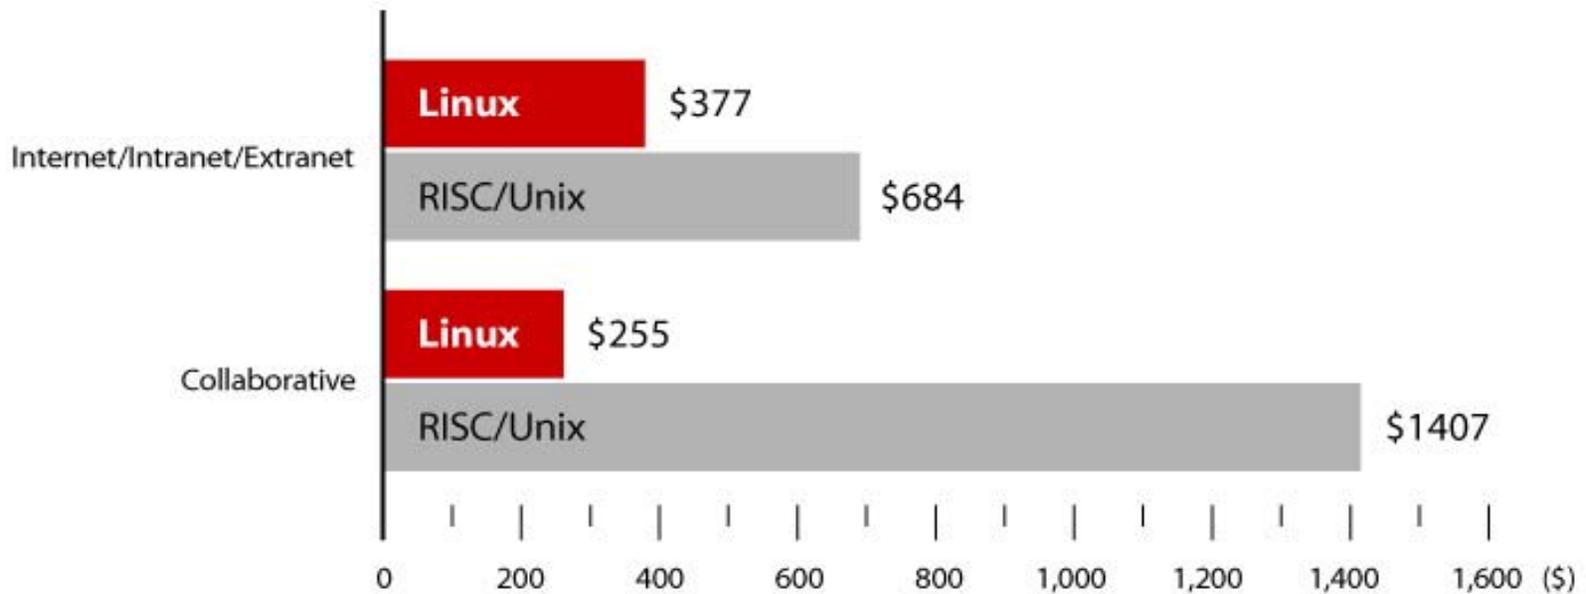

- Get Main Frame System Quality with lower cost of minis

Cluster Configuration	Cost
2 x Sun E10000 (64 CPU x 450MHz)	\$5,000,000
32 x Sun E420R (4 CPU x 450MHz)	\$1,000,000
32 x Compaq DL580 (4 CPUs @700MHz, 4Gb)	\$750,000
